PROFILE SUMMARY

Software Engineering graduate with hands-on experience in Full-Stack Web Development and enterprise application support. Proficient in developing responsive web applications using React.js, JavaScript, Node.js, Express.js, SQL, Tailwind CSS, and RESTful APIs, with version control using Git/GitHub. Experienced in supporting Hospital Information Systems (HIS), troubleshooting technical issues, and collaborating with cross-functional teams to deliver efficient, user-focused technology solutions. Passionate about continuous learning and contributing to innovative software development projects.

SKILLS

Frontend — HTML , CSS, JavaScript, React.js, Tailwind CSS, Bootstrap | **Backend** — Node.js, Express.js | **Programming Languages** — C/C++ | **Database** — MySQL | **Software Development** — REST APIs, API Integration, Responsive Design, Debugging, Problem Solving | **Soft Skills** — Problem Solving, Team Collaboration, Communication Skills, Time Management. | **Tools** — Git, GitHub, Postman, VS Code.

WORK EXPERIENCE

Management Trainee Officer 12/2025 – Present

Maroof International Hospital Islambad

- Serving as a HIS Management Trainee Officer at Maroof International Hospital, supporting system implementation, troubleshooting, and cross-departmental coordination to enhance operational efficiency and patient care outcomes.
- Providing HIS support by assisting hospital staff with software issues, login access, and workflow navigation to ensure smooth daily operations.
- Assisted healthcare staff with workflow navigation, system usage, and issue resolution, ensuring uninterrupted daily operations.

Internee 07/2025 – 11/2025 | Maroof International Hospital

- Completed a 5-month internship in the IT Department at Maroof International Hospital.
- Gained hands-on experience in front-end web development, applying HTML, CSS, Tailwind CSS, and basic JavaScript in real- world tasks.
- Assisted as an HIS (Hospital Information System) support officer, helping staff with software issues, login problems, and workflow navigation.
- Strengthened problem-solving skills and improved understanding of IT infrastructure and hospital-based systems.

PROJECTS

FaceCraft – AI Face Analysis & Recommendation Web App

Technologies: React.js, Tailwind CSS, Node.js, Express.js, Python (OpenCV), MySQL
- Built an AI-driven web platform for facial analysis and personalized grooming recommendations.
- Implemented face detection and analysis using OpenCV and machine learning models.
- Developed 10+ RESTful API endpoints for image processing and user management.
- Designed mobile-first responsive UI improving usability across desktop and mobile devices.
- Integrated features like virtual try-on, user authentication, and recommendation engine.

Personal Portfolio Website
Technologies: *HTML, CSS*
- Designed and developed a fully responsive personal portfolio website to showcase my skills and projects.
- Focused on clean layout, typography, and smooth user navigation.

Car Rental Website
Technologies: *HTML, CSS*
- Created a front-end design for a car rental platform, highlighting vehicle listings and booking sections.
- Implemented modern UI styling and responsive layouts for a professional look.

E-Commerce Website
Technologies: *Tailwind CSS, JavaScript*
- Developed a dynamic, responsive e-commerce website with product listings and interactive features using JavaScript.
- Focused on front-end design, user interface enhancement, and a smooth shopping experience.

EDUCATION

Bachelors in Software Engineering 2022 – 2026
INTERNATIONAL ISLAMIC UNIVERSITY ISLAMABAD

Intermediate In Computer Science 2020 – 2022
IMCB F-10/4

Matriculation 2018 – 2020
ISLAMABAD MODEL SCHOOL FOR BOYS G-11/2

CERTIFICATIONS / TRAINING

JavaScript Specialist - Certiport (A Pearson VUE Business)
- Completed an international certification in JavaScript, gaining strong knowledge of core concepts including variables, functions, DOM manipulation, and modern web development practices.

MERN Stack Navvtc Course - Adan Institute Fazal Technology Park I9 Islamabad
- Skilled in building full-stack web applications using MongoDB, Express.js, React.js, and Node.js. Experienced in developing responsive user interfaces, creating RESTful APIs, and managing databases. Focused on delivering scalable, efficient, and user-friendly solutions.

ACHIEVEMENTS & AWARDS

- Successfully completed a professional internship at Maroof International Hospital.
- Developed multiple responsive web applications using modern web technologies.
- Participated in software engineering academic projects and collaborative development activities.
- Maintained consistent academic progress throughout undergraduate studies.
